Crommelins Petrol Bricksaw

This high performance industrial bricksaw is powered by a 6.0hp Subaru engine.

When cutting, the blade is water cooled using a conventional hose attachment. The saw can cut Bricks, Block Pavers and Limestone up to 420mm long to a depth of 125mm.

The bricksaw comes complete with stand (total weight 107kg), foot control, slide tray and mitre block. Blade separate.

### Features

- Foot control - allows greater control for difficult jobs
- Water cooled cutting
- Detachable stand
- 4x Handles to help when loading and un-loading
- Spring loaded cutting head contributes towards operator's safety
- Adjustable blade settings to accommodate smaller or abrasive blades

### Applications

- Pavers
- Bricks
- Limestone
- Blocks
