2.2hp Electric Crommelins 58L Compressor

2 Cylinder Pump

2.2hp Electric Crommelins 58L Compressor

This electric powered, single phase, 58L Air Compressor has a high volume of air and a fast recovery time while being used. Made from heavy duty cast iron, the 2 cylinder pump head is designed for cool running and has stainless steel valves.

Features

- 2.2hp Electric powered, single phase
- Teco motor with overload protection
- 2 Cylinder pump
- 58L, Powder coated tank
- Heavy duty 'close grain' cast iron construction
- 2x Pnuematic wheels
- Pressure gauge
- Rated to Protocol 2000.
- Featuring highly efficient reed valves.
- 10" pneumatic wheels
- Anti vibration rubber pads.
- Heavy duty base plate.
- Full range of spare parts.
- Fully balanced fly wheel with large cooling fan
- Air Filter Regulator with NITTO fitting
- 1 Year manufacturer's warranty

Model Number	PM12
Weight (kg)	73kg
Dimensions (LxWxH)	1000x480x750mm
Displacment (CFM)	15.0CFM (425L/min)
Free Air Delivery (CFM)	10.2CFM (289L/min)
Engine Make	Teco
Power Input	Electric
Engine Type	2.2hp Motor
Phase	Single
Pump Cylinder	Two
Air Tank (L)	58L
Manufacturers Warranty	12 months

Applications

- For use with Air Powered Tools
- Spray painting
- Fencing
- Picket Post Driving
- Stapling / Nailing
