3" Crommelins PTG Diesel Trash Pump

Electric start

3" Crommelins PTG Diesel Trash Pump

The 3" PTG Diesel Trash Pump is a heavy duty low maintenance pump ideal for applications such as Mining and Exploration where diesel fuel is preferred over petrol.

Assembled with a 9.4hp Subaru diesel engine the trash pumps deep impeller vanes produce the largest discharge capacity incorporated with a large volute discharge opening to pass water containing suspended sticks, stones & debris with ease.

(Engine upgraded to DY42)

Features

- Genuine 9.4hp diesel Subaru engine
- Electric start
- Self priming pump (once pump is initially primed)
- Efficient, economical operation
- Corrosion resistant mechanical seal and impeller
- High Power & Performance
- Great reliability & Durability
- Quiet running, with low noise rust resistant mufflers
- Easy maintenance
- Comes with Engine Tool Kit (1 Set), Strainer (1pc.), Hose coupling (2pcs), Hose Band (3 pcs)
- 2yr Pump warranty
- 3yr Subaru engine warranty

Model Number	PTG305TDS
Inlet (inch)	3"
Outlet (inch)	3"
Total Head (m)	25m
Volume max. (L/min)	1170L
Volume max. (L/hr)	70,200L
Maximum suction lift (m)	8m
Pump Type	Trash
Suction Type	Self Priming
Impeller	Single
Axle Seal Material (Mechanical Seal)	Silicon-carbide
Engine Make	Subaru
Engine Type	9.4hp DY42
Starting System	Recoil Start
Fuel Type	Diesel
Fuel Tank (L)	4.5L
Noise Level (dB @ 7m)	78db
Dimensions (LxWxH)	850x510x650mm
Package (LxWxH)	980x530x660mm
Weight (kg)	100kg
Manufacturers Warranty	2 years
Engine Warranty	3 years
