5.5hp Crommelins Single Impeller Diesel FF Pump

Diesel powered

5.5hp Crommelins Single Impeller Diesel FF Pump

This is a Diesel variant of the most popular Fire Fighter the 150HPR and uses a Diesel 5.5hp Subaru engine. It is just as reliable, durable and versatile as its 'petrol powered cousin' and is ideal for firefighting, water transfer, washing down farm machinery and many other jobs that require water.

This single impeller, diesel model and will give you top performance when you need it and is commonly seen on minesites and where ever diesel is the preferred fuel.

The Pump is cast aluminium alloy that comes with a 40mm (1 1/2") inlet and three way outlet - Consisting of 1x 40mm (1 1/2") outlet and 2 x 25mm (1") outlets). There is also 2" Inlet and Outlets available upon request.

Features

- The cast aluminium impeller/s gives improved life
- Self-priming after initial prime
- Bolt on replaceable suction port so enabling easy and quick replacement if inlet cracked or thread is damaged
- Cast iron diffuser increases pump life and greatly reduces maintenance
- Metal (not plastic) delivery outlet caps
- High quality cast aluminium pump body, for longer life and less maintenance.
- Small and lightweight diesel engine
- High performance and less vibration
