

# Goldline Model Freccia 38E Electric Scrubber Drier

Freccia 38E is the ideal scrubber drier for cleaning medium to large surfaces without having to recharge. It is ideal for areas which have to be cleaned regularly and it does so very efficiently.

The new attractive slim design makes it easy to use in hard to reach places. Its adjustable handle makes the cleaning task easier for people of different heights. It also makes the machine easier to store and transport. Controls are well positioned and easy to reach. Large size recovery tank cover allows easy inspection and cleaning. This is a compact yet fully professional scrubber drier. Because of its ergonomic design, the manoeuvrability of the machine is easy. The brush is centrally located making it easy to clean next to walls on either side and around obstacles.
